#### JOHN AND WENDY

As former editor let me introduce to all of you members our new editor, John C. Tomassi and his good wife Wendy. This sharp young couple live in Madison Heights MI, a Detroit suburb, and both work daily in their automobile body shop business. Both are enthusiastic paper money collectors. John became PMCM member #2187 more than a year ago and Wendy is new member #2205. After several days of careful deliberation and lots of questions they have offered to edit the Rag Picker. All equipment and back issues of the Rag Picker have been transferred to their premises. We admire their enthusiasm and youth. If this issue should arrive a trifle late please bear with us. Let their new project inspire you to write an article or just send in a bit or two of information to them for next issue. Their address is on page 1. Gratefully, Chester F. Clark #974.

## PRESIDENT'S MESSAGE

Michigan winters are usually tough enough to force me out and go to Florida, but this year has been a real exception. Lots of sunshine and only two inches of snow for all of February, and now March 7th and 8th it is setting a record of 74 degrees! I love it but we know spring isn't really here to stay. When spring comes there are many outside activities; some pleasant like golfing and others unpleasant like yard work and painting. But regardless, springtime does slow our numismatic ideas down some to a lower tempo.

One of the activities that has been taking place this winter and kind of behind the scenes has been a search for a new editor for our Rag Picker.

Chester Clark, Our past editor, elected to seek more retirement time and this left us with a big void - he has done a great job for us and we appreciate it Chet. Our new editors are John Tomassi and his wife Wendy, (for moral support). They both live and work in Royal Oak, MI so this is a great asset to our club - to have such a young and enthusiastic couple right here at home taking over the reins of our toughest job. They are just new members and relatively new to collecting paper money but their lack of experience is made up for in go power. Thusly I would like to encourage all of you to get off your duff and send us in some articles for publication in the Rag Picker. Or even any other short news brief - it doesn't have to be an article. This sort of club participation makes it easier for our new editor so he doesn't have to write as many articles himself. Thanks in advance for any and all efforts you members will be putting in.

We have 8-10 members who regularly exhibit paper money and now we've added a new one. Bill Brandimore has recently joined our club and has put together a nice collection of Fractional Currency that he now exhibiting and put the heat on myself and Martin Delger - the other two Fractional exhibitors in Michigan.

Al Latson won the "Best of Show" award at the Fall Show in Dearborn for his exhibit of National Currency in his home town of Howell. Joe Mikolajczyk won "Best of Show" for his Battle Creek exhibit last spring in Battle Creek. Joe's award will be given to him belatedly this spring as there was a little mix-up as well as Joe coming up missing while at the show - he had to be taken to the hospital for a short stay. The awards are a nice plaque and a clock on it so why not get into the act and show some of your treasures at this springs show in Lansing on April 10-12 and let us all see your collection. Our Paper Money Exhibits will soon outnumber coin exhibits.

Hope to see many of you at the MSNS Spring Show in Lansing. Keep in mind the Memphis Show June 18-21, this is always a great one.

Regards

Dr. Wallace Lee

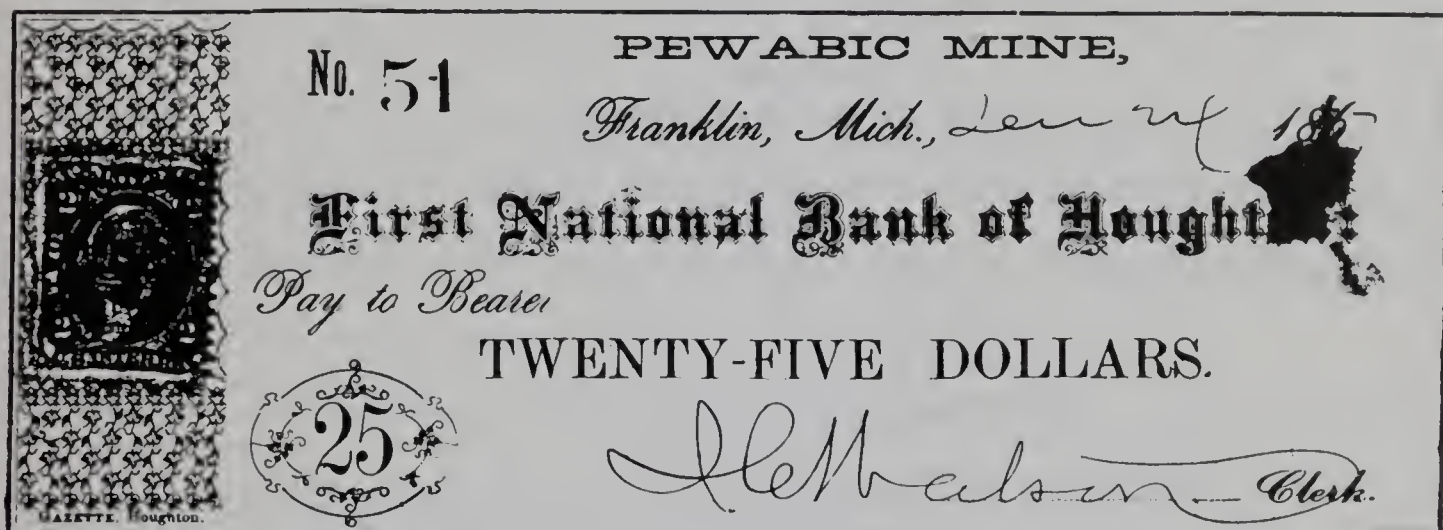

Pres. PMCN

AN UNLISTED \$25 NOTE OF THE PEWABIC MINE  
OF FRANKLIN, MICH.

Robert J. Lindesmith

P.M.C.M. 2132

Dayton, Washington

The above note was among a group of Copper Country Checks that I purchased back in 1957. For a number of reasons which included our move from Laurium, Mich. to Dayton, Wash. in 1959, I failed to report the existence of this interesting note.

One of the reasons I was attracted to this note is that I used to drive through Franklin on the average of two plus times each week on business trips which covered all of Upper Mich. During the winter months it was a common sight to see steam rising from an abandoned shaft near the old Quincy Mine. Franklin is located near the top of the hill overlooking Hancock.

The Pewabic Mining Company was organized in 1853 and commenced operation in 1855. The famous Pewabic Lode was discovered on this property by Chris Douglas and Ransom Sheldon. In 1891 the Quincy Mining Company purchased the Pewabic property for a little over \$700,000. The OFFICERS of the Pewabic Mining Company in 1862 were WM. HAYWARD, President; E.T. LARING, Treasurer; CHAS. EMOREY, Secretary, J.H. FOSTER, Superintendent. Office, Boston.

While it is not an attractive note because of its close similarity to a check and its lack of vignettes, it represents a good example of a locally printed form of drafts to bearer issued by the mining companies that circulated as "Copper Currency" from the Civil War to 1874.

The imprint, "GAZETTE, Houghton", shows that the note was printed by the Mining Gazette. Listed as a weekly newspaper in 1862. The First National Bank of Houghton, chartered June 9, 1865, represents the first National Bank located in the Copper Country.

Falater lists a \$20 note of the Pewabic Mining Co. under Hancock. Possibly it is similar to the \$25 note which is dated Dec. 24, 1867.

## AN UNLISTED \$25 NOTE OF THE PEWABIC MINE OF FRANKLIN, MI.

During the 12 to 13 years we spent in the Copper Country, we became rather well acquainted with the people that worked in the mines that were operating between 1947 and 1959. One of our neighbors, who had a drinking problem, only could find work by working in the dangerous lowest levels of the Ahmeek Mine. Besides the about 95 degree heat, he mentioned that the constant threat of air blasts kept the mine inspectors from checking these levels. I still have a 19" long specimen of vein copper, almost pure copper, that he brought up in his pant leg.

The above and our many other fond memories of our stay in the Copper Country represents the major reason that I'm still interested in numismatic items of this part of the country. In fact, we have missed very few trips back to the land of fresh air, agate hunting at the mouth of the Gratiot River, and the very special Copper Country Polka bands.

### COMING EVENTS

April 4, 1987 - Kalamazoo Numismatic Club - Coin Show, County Center Building, 2900 Lake St. Kalamazoo, MI 9am to 5pm. Contact Club at PO Box 462 Portage, MI 49081.

April 10-12 - MSNS State Convention, Clarion Hotel & Convention Center, Lansing MI Contact Lansing Club or MSNS, PO Box 1157, Battle Creek MI 49016.

### FROM THE EDITOR

On a recent "Getaway Weekend" we stopped to visit the Capitol Building. Opened seven days a week to celebrate the Michigan Sesquicentennial.

Being a warm February day we walked a half-block to the Michigan Historical Museum (208 N. Capitol). There among many exhibits are three notes, one of them being from the National Bank of Kensington.

I inquired if they had information on that bank and was told by Ruby Rogers, from the Museum, they had none. "But we like to document the exhibits." I sent an Oct-Dec 1896 "Rag Picker" for the article on Kensington.

Since then I have recieved a letter from Rose Victory from the Museum. She writes;

"The article on the Bank of Kensington has been passed along to me. It is a welcome piece of information on this rather obscure and short-lived bank.

I've placed the article in our currency reference files where it will be most useful.

Thank you for taking the trouble to send us the article. We appreciate your thoughtfulness."

If anyone has information they would like to share you may contact; Michigan Historical Museum, Dept. of State, 208 N. Capitol Ave, Lansing, MI 48918.

### AMONG OUR MEMBERS

From Larry Sterling #1942 I recieved a copy of an article from Esquire, "THE BUCK STOPS HERE" by Hesh Kestin. In part it says if you want high quality paper for counterfeiting you first, buy US \$1 bills, 2nd bleach out the color, and print something like a \$50 or \$100 bill. And that in 1986 52% of counterfeit currency was seized from abroad.

ON THE COVER

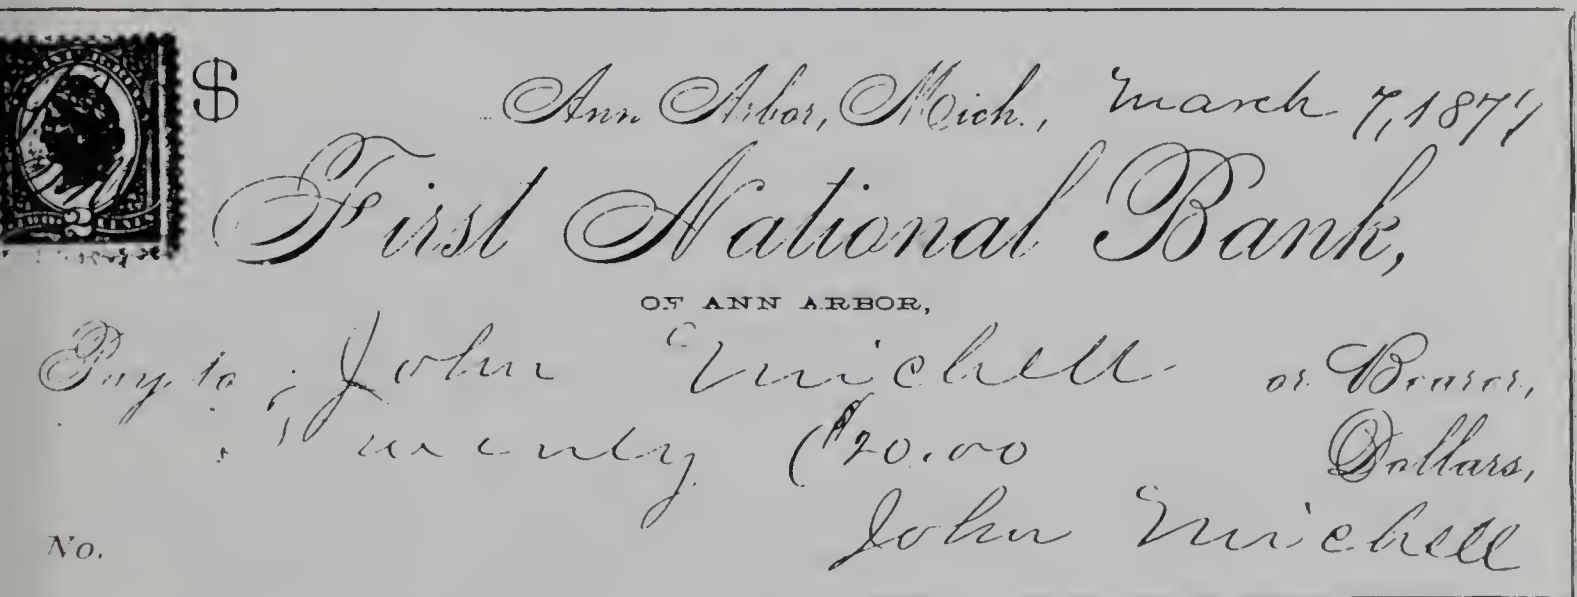

This National Bank Note from Lansing, MI is a Type II, listed in Bank Rarity at R-5.\*(3-5 notes known). This bank was chartered in 1934, and had the signatures of Miles D. Grant - cashier and Ray Potter - president.

\*( from Standard Catalog of National Bank Notes (Hickman Oates)

DID YOU KNOW

- That more than Ten Million \$1.00 notes are printed every day?
- That more than half of our currency is in the \$1.00 denomination?
- That the life of a \$1.00 note is approximately eighteen months?
- That the first STAR notes were printed in June, 1910 ?
- That they use more than two million pounds of ink every year ?
- That about five hundred notes will weigh one pound ?
- That over 600 different blocks have been printed in the \$1 FRN ?
- That the 1981 E-G and J-D blocks. could be more scarce than the 1963 D-B and B-C ?

(\$1 Federal Reserve Notes from Leonard Bennett Wichita, KA)

This check dated March, 7 1877, payable to John Michell, (and signed by himself), was drawn on the First National Bank of Ann Arbor. This National Bank was the first chartered in the State of Michigan, and carried the charter of the 22nd bank in the country. The First National Bank of Ann Arbor officially opened for business on July 1, 1863.

FEDERAL RESERVE NOTE EXCHANGE LIST

Chairman: B. Joseph Mikolajczyk #1767  
603 Parchmount Avenue  
Parchment, MI. 49004

This exchange list is open to all paid-up members who would care to help fellow members, as well as themselves, exchange current FRNs. If you would like your name added write to me at the above address. DON'T WRITE TO THE EDITOR as it adds to his work and delays your request.

The following PMCM members will exchange current FRNs they have available with other members at face value, plus SASE.

## THE SAGA OF UNCUT CURRENCY

by Patricia Ann Glover  
P.M.C.M. #2179

Sale of uncut sheets by the Treasury Department through the Bureau of Engraving and Printing ceased during the term of George M. Humphry, Secretary of the Treasury (1953-1957). It was not until some 25 years later (1981) that the Resumption of sheet sales was again made available to the public. Little, or at least incomplete, information is available on the early releases...It is known that uncut sheets were sold over the counter in the "Cash Division" of the Treasury Building in Washington, at face value, without limit. However, no records seem to be available as to how many may have been ordered, if any, nor how many were printed, but unsold, were eventually cut up and distributed as individual notes.

This brings us to the present issues of 1981, 1981A, and 1985 \$1. Federal Reserve Notes and 1976 \$2 FRN's. Once again it appears as if history repeats itself in that information from the Bureau of Engraving and Printing is unavailable. While it is reported that records are maintained by the BEP of the number of sheets sold, a final count of the number of 32 note sheets issued for each District and Block is not available, because sheets are destroyed for various reasons.

It has been stated that the initial distribution of 1981 32 note sheets was, at first, only for Districts Boston (A), Cleveland (D), and Richmond (E).

Later, because of collector demands, the other 9 Districts were released, however only a limited number of Blocks were issued for these 9 Districts. The schedule below is the most complete information that is available to me at the writing of this article, (1985 Series uncut sheets are still being released.)

1981 \$1 32 NOTE SHEETS

27 BLOCKS

AA, AB, AC, AD, AE, AF, AG, AH, BI, CA,  
DA, DH, EA, EB, EC, ED, EE, EF, EG, EH,  
FA, GA, HE, IA, JA, KA, LA.

Note that 16 and 4 note sheets exist for an additional  
11 Blocks as follows;

BA, BB, BC, BD, BE, BF, BG, BH, HA, HB, HD.

While it is reported that the HC Blocks were printed, none are known to be in the hand of collectors.

Three error sheets are known to exist in the 1981 Series as Follows: EE, EF, and AH. Both the EE and EF sheets have the same error. The back check number on the note in position H1 is 7273 which differs from the remaining 31 notes, which have 3273. The AH sheet has as error in the note in position G3. The District designation on the right hand serial number is a "B" instead of an "A".

1981A    \$1    32 NOTE SHEETS                    24 BLOCKS

AA, AB, BA, BB, CA, CB, DA, DB, EA, EB,  
FA, FB, GA, GB, HA, HB, IA, IB, JA, JB,  
KA, KB, LA, LB.

Again, there are reports of a BC Block having been printed but unknown.

1985       \$1    32 NOTE SHEETS (TO DATE)                    12 BLOCKS

AA, BA, CA, DA, EA, FA, GA, HA, IA,  
JA, KA, LA.

1976       \$2    16 NOTE SHEETS (TO DATE)                    5 BLOCKS

A\*, D\*, H\*, K\*, L\*.

While the future of \$2 sheets is not known, collectors can only hope that all other Districts will be released.

Single \$1 FRN's from uncut sheets are uniquely identified by Serial Numbers from 99840000 to 99999999 (160,000 notes or 5,000 32 note sheets for each Block issued except for those 11 1981 Blocks which were released only in 16 and 4 note denominations).

In order to guarantee that the \$2 note is from an uncut sheet one must have at lease two attached as no unique serial numbers were reserved for the \$2 sheets. Due to the lack of popular demand of \$2 bills the undistributed \$2 16 note star sheets have been issued in the uncut format.

The limited volume of full 32 note sheets (remember that many were cut up by the BEP, collectors and general public as souvenirs) leads to the speculation of investment. Since we know the supply we can only speculate on the demand in years to come. However it is still a good hobby and the risk is minimal, as the over the counter price for 32 note \$1 sheets is only \$40.50 and 16 note \$2 sheete is only \$38.50 even those unfortunate enough not to live within driving distance of the BEP in Washington, D.C. can obtain them through the mail for \$47.00 and \$45.00 respectively.

Investors desiring a 10% return on their investment for say a period of 10 years would only have to receive about \$110 per 32 note sheet to obtain this goal. therefore the risk is minimal, however the profit potential is practically unlimited. anyone interested in collecting uncut currency or anyone having information contradictory to any of the above may contact me at P.O. Box 8941, Trenton, New Jersey 08650-0941. All comments are welcome

TO ALL PMCM MEMBERS

If you have all been asking, "Where's my Rag Picker", it has finally arrived. I'm like you, I looked forward to every issue, (even though I've been a member for about a year) and couldn't bear the thought of not receiving another one. It wasn't until recently I finally gathered up enough courage to take on the job.

This is "OUR" Rag Picker, That's why I'm asking each one for your help in providing me with any useful material, articles and ideas.

Special thanks to those of you who have contributed to this issue, with some superb articles, and those who have sent in material which I will use in upcoming issues.

April 10-12 is the MSNS Spring Convention. According to Dr. Lee the PMCM will have a General Meeting, tentatively scheduled for 2p.m. Saturday, April 11th. Please mark this down on your calender and be sure to attend. I would like to meet as many of our fellow members as possible.

Sincerely,  
John C. Tomassi  
PMCM #2187  
Editor

\$1 FEDERAL RESERVE NOTES  
1981-A series

New plates were engraved for this series that were not quite as deep as previously used to hopefully conserve ink but there has been no confirmation as to the success. These plates are being put into service as the older plates wear out and you may find the #1 face plate on any later blocks.

An "error" note appeared on some of the June and July printing with the back plate #129 being engraved on the left side instead of the right as normal, the June printing being of the 1981-A series and the July printing being the new issue 1985 series, this plate was pulled and destroyed according to a Bureau of Engraving spokesman but not before many had been shipped to the Federal Reserve for circulation, these may be found on as many as eight different blocks in both the 1981-A and 1985 series but this has not been confirmed. The serial number ranges are shown for the June and July Printing.

Signatures----- Katherine Davalos Ortega & Donald T. Regan  
Printing Dates---- March 1984 to June 1985  
Serial Numbers---- All blocks begin with 00,000,001  
Face Plates----- As noted above  
Blocks----- 47  
Varieties----- 229

THE BANK OF PRESIDENTS  
reprinted from Sept-Oct 1977  
by Ralph P. Werve

The Riggs National Bank of Washington, D.C. is historically known as the Bank of Presidents.

When I was in the investment business, I was brainwashed by some over zealous Mutual Fund copy writer who emphatically stated that George Washington banked here.

In 1972 when I was in Washington attending the First Day ceremonies of the 8¢ "Old Faithful Geyser" Yellowstone Park stamp, I had the occasion to visit the bank. At that time I was also contemplating writing a story on the Riggs as the history of the bank seemed to create unusual interest to me. Also at that time Riggs was the Custodian Bank for the Washington Mutual Fund of which I was a member.

At the bank I learned to my dismay, that George Washington never banked there. Perhaps he slept there, but they assured me he never banked there. Most U.S. Presidents started banking there around 1836. Some of the early depositors were, Abraham Lincoln, Henry Clay, Daniel Webster, John C. Calhoun, Francis Scott Key, Samuel F.B. Morse, Dolly Madison, Jefferson Davis, Alexander Stephens,

## If You Collect

## U.S. Paper Money

### Then You Owe Yourself A Hard Look At Bank Note Reporter

From the first of the small-sized U.S. paper money — the Legal Tender Notes — to the scarce, obsolete Gold Certificates, if you collect U.S. paper money, you should be reading **BANK NOTE REPORTER**.

As the only independently produced publication aimed exclusively at the paper money hobby, each **BANK NOTE REPORTER** is loaded with interesting articles and features that can benefit you now.

There's no excess in **BANK NOTE REPORTER**. It covers paper money. And that's all! With every timely issue, you'll find a jam-packed slate of hobby happenings. Each month an experienced staff, as well as outside experts, including a key correspondent tracking the Washington, D.C., beat and

others who zero in on the myriad of interests represented in the paper money spectrum, combine to bring you the latest hobby developments. Information that can assist you in your buy/sell decisions whether for long-term investment purposes, or simply for the enjoyment of the hobby.

Add to this trustworthy advertisers, a list of upcoming shows and events, and reports of important auctions, and it's easy to see why **BANK NOTE REPORTER** is your complete news and marketplace for all paper money.
